

# Bloomingtondale Civic Association Historic Preservation Committee

## *Historic Preservation Panel Discussion*

**When:** Tuesday, June 23, 2015

**Where:** St. George's Church  
160 U St. NW

**Time:** 6:30pm until 8:30pm

The Bloomingtondale Civic Association Historic Preservation Committee will present a panel discussion to explain what historic designation means and how a historic designation is acquired. The District Offices of Planning and Historic Preservation League will give presentations on the criteria required to achieve the designation status, pros and cons, and the process involved. Other residents that have

experienced historic preservation designation will offer their insights. We intend to have a balanced discussion. We will also discuss the impact of the recent R-4 zone ruling restricting pop-ups. What do Bloomingtondale residents want for their community? This is both the time and venue for this conversation. Please come out and let us hear from you.

***Light Refreshments Will Be Served***
